Topics Discussed:

On the third week meeting, our group came up with another idea. To basically divide the agency user into two smaller groups of users. Into Marketing Users and Manager users. In our opinion as well as based on researches we expanded further; it would be easier for a traveling agency to manage the functionalities our platform offers. After this change in the idea of the project, we divided the work for this week. The works to be divided were basically starting to design the sketches of the frontend, activity and database diagrams.

Decisions Made:

- Agency users will be divided into two:
    - Marketing Users
    - Manager User
- Starting to design the project:
    - Frontend sketches
    - Activity Diagrams
    - Database Diagrams

Tasks Assigned:

- Alban and Endi → Database diagrams
- Alesio and Muhamed → Activity Diagrams
- Tea and Yusuf → Sketches
